Review:

Dan Bowman at Hood Asset Recovery LLC did a fantastic job helping me get the excess money that was sent to the city after the sell of my house. This wasn't a cut and dry case and I knew it was going to be a lengthy, drawn out process. Dan was diligent and kept pushing for the case to move forward. He kept in communication with me throughout the entire process. & happily answered any questions / concerns I had. Thank you so much for helping through this process and winning the case!
